

## PRESS RELEASE

Cittadella (PD), January 28th, 2026 - **Intercom Facades Joins UNICMI Association, Strengthening Its Commitment in the Italian Building-Envelope Industry**

Intercom Facades, is pleased to announce its official membership in **UNICMI – the National Union of Metal Construction and Building Envelope Industries**.

Joining UNICMI represents an important step in strengthening Intercom's role within the national and international façade engineering sector. This affiliation confirms the company's ongoing commitment to **quality, safety, regulatory compliance, and continuous innovation**. UNICMI membership provides access to shared know-how, updated technical guidelines, and a network of specialized professionals, aligning with the company's long-standing focus on engineering excellence and sustainable performance.

With this membership, Intercom Facades also reaffirms its strategic aim to strengthen its presence in the Italian market as an established player within the national building-envelope industry. The affiliation with UNICMI supports our long-term goal by providing a solid institutional framework and direct involvement in the sector's technical and regulatory development.

Intercom Facades aims to support the development of best practices and forward-looking solutions within the Italian façade and building envelope industry. The company views this collaboration as an opportunity to promote technical culture, enhance industry standards, and help shape a more efficient, safe, and sustainable built environment.

Intercom Facades is proud to be part of UNICMI Association and looks forward to contributing actively to the association's ongoing initiatives and future developments.
